

U.K. and Europe

Concepts		Core Vocabulary			
place	scale	country	coastline	structure	function

A top geographer...

- can understand geographical concepts such as place and scale, distance, region, change and process.

Geography Knowledge

I know the names of 10 countries in Europe.

I know that a coastline forms the boundary between the land and the ocean or a lake.

I know the names of several important structures across Europe and the functions that they serve.

I know that climate can have an impact on landmarks over time.

I can identify the location of different areas in the U.K.

Geography Skills

Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.

Use the eight points of a compass, four and six-figure grid references, symbols and keys to build knowledge.

Observe, measure, record and present the human and physical features.
