

School meals in Bolton

Dear Parent/Guardian

Welcome to the new menu being served at your child's school. Choosing school meals for your child will teach them important social skills as well as providing all the nutrients young people need to help with their learning and development.

We only serve meals that children love to eat and we cater for medical & cultural diets contact the school meals number for more information. Allergen information is available on request also on the website.

Eat a Rainbow

Our salad selections/choices filled with brightly coloured veggies are an excellent way of encouraging children to work towards their 5 a day.

Children can help themselves in addition to any hot vegetables they have had from the counter.

School meals provide value for money and reduce shopping trips

Our school meals are one of the lowest priced meals in the country, we offer a 2 course home cooked meal and drink for only £2.20

Making a packed lunch can result in additional trips to the supermarket, meaning extra spend each week.

Let us take care of lunchtimes

We know where our food comes from

We aim to include as much fresh and local produce as possible in our recipes. We offer complete traceability on all our products from farm to fork.

Many of our products are responsibly sourced too, we have accreditations to prove it. You can rely on us when it comes to quality. Supporting local businesses and reducing food miles and food waste are also top of our agenda.

Save over £300 per child per year with free school meals

School meals remain free for ALL children in reception, years 1 and 2 regardless of circumstances. You do not need to apply for this benefit, simply let your school know you wish to take your entitlement.

Your older children could be entitled too if you are in receipt of certain benefits or have a household income below the threshold. Check out the criteria and how to apply at www.bolton.gov.uk

Serving your child safely each day

Our catering staff have been key workers throughout the pandemic and are best placed to feed your child. We have strict hygiene measures in place and our policies and procedures result in safe working practices
